My signature below indicates that I have reviewed and understand the policies associated with registering for or dropping the courses required to complete my major, minor, liberal studies and other programs of study I may select. Whether I have consulted with an academic advisor or not, my signature indicates that I freely choose to register for these courses and that I assume full responsibility for my course selection and the resulting consequences and liabilities associated with my selection.

STUDENT'S SIGNATURE

DATE

Business students only: Exchange students cannot register for business classes on-line through LOUIE. Before you are allowed to register for Business classes you or your school's exchange coordinator must send a copy of your transcript and course descriptions (in English) to the Center for International Education. The Center for International Education will forward your transcript, course description and your class registration form to The W.A. Franke College of Business who will check your transcript to determine if you have met the prerequisite classes for the classes that you wish to take. If it is determined that you have met the prerequisites, you will be allowed to register for Business classes. Please note that Business classes fill up quickly in the fall semester so please mail all your material to the Center for International Education as early as possible.
